Enhance and Protect Food Products With Flav-R-Shield™ Sneeze Guards from Hatco®

Milwaukee, WI – May 2, 2022 – Hatco® Corporation is excited to announce the launch of its new Flav-R-Shield™ Sneeze Guards!

Hatco® Flav-R-Shield™ Full-Service
Pass-Over Sneeze Guard

Model **EP5-36**

Designed to provide maximum protection, visibility, functionality and style to maintain a safe and sanitary environment for any foodservice establishment, the Flav-R-Shield line features a variety of sneeze guards so operators can select the perfect one for their needs.

The ED20, EP5, EP11, EP36 models are for stationary full-service applications and allow employees to pass items over the sneeze guard to guests.

The ALLIN1, EP950 and ORBIT720 models are for portable self-service applications and offer flexibility for operators to set up the sneeze guards wherever needed.

The ES31, ES67, ES90 and ES92 models are for stationary self-service applications and are ideal for countertop buffet and food lines with tray slides.

With several patented features, the sneeze guards are constructed with either thick tempered glass or acrylic face panels, .75" (19 mm) radius corners and flat polished edges for a clean look. The full-service and self-service models can be mounted to stainless steel, natural and engineered solid stone surfaces and laminate countertops and can have multiple bays.

For additional information on Hatco Flav-R-Shield Sneeze Guards and other equipment, contact your Hatco sales representative or visit the Hatco website at <https://www.hatcocorp.com>.
