

PRODUCT RELEASE

Enhance and Protect Food Products With Flav-R-Shield™ Sneeze Guards from Hatco®

Hatco® Corporation is excited to announce the launch of its new Flav-R-Shield™ Sneeze Guards! Designed to provide maximum protection, visibility, functionality and style to maintain a safe and sanitary environment for any foodservice establishment, the Flav-R-Shield line features models for full-service, portable and self-service applications so operators can select the perfect one for their needs. With several patented features, the sneeze guards are constructed with either thick tempered glass or acrylic face panels, .75" (19 mm) radius corners and flat polished edges for a clean look. The full-service and self-service models can be mounted to stainless steel, natural and engineered solid stone surfaces and laminate countertops and can have multiple bays.
