Optional Dekton® Ultracompact Stone Surfaces for Hot/Cold Built-In Simulated Stone Shelves

Hatco's HCSSBR and HCSSBX Hot/Cold Built-In Simulated Stone Shelves not only easily transition between heated and cold shelves, but now include Dekton® stone as an optional surface. The optional Dekton surface comes in three stone colors: Domoos, Rem and Soke*.

Dekton® is a sophisticated mixture of over twenty minerals extracted from nature, resistant to scratches and impact. Dekton® stone can withstand abrasion better than granite or porcelain. The sintering and compression techniques used to manufacture Dekton® make it completely non-porous and resistant to water and stains, which can be removed easily with standard cleaning products.

* Due to the natural texture, patterns will vary.

- A carbon neutral product
- Abrasion, impact, scratch and heat resistant
- Contains a non-porous surface, making it water and stain resistant
- Available in Rem, Soke and Domoos
