Glo-Ray® Designer Portable Heated Shelves

Models: GR2S-24, -30, -36, -42, -48, -54, -60, -66, -72

Hatco Glo-Ray® Designer Portable Heated Shelves use a blanket heating element to extend the holding time of food while keeping it at optimum serving temperatures. Perfect for when a heated workspace is needed, or for extra base heat in a pass-through or buffet area. The modern design is perfect for front-of-the-house use. Seven Designer powdercoated colors blend these units into any décor while providing a durable, easy-to-clean surface.

Standard features

- Thermostatically-controlled hardcoated heated base has a temperature range of 80° to 200°F (27°-93°C)
- Heated surface widths from 23.75" to 71.75" (603-1822 mm)
- Overall widths of 30.25" to 78.25" (768-1988 mm)
- Rounded edges and hardcoated aluminum surface offer a modern style for front-of-the-house applications
- Unit comes standard with black inset panels
- Features a 6' (1829 mm) cord and plug set which allows heat to be placed where it is needed the most
- 4" (102 mm) legs standard on 30" (762 mm) and wider models

GR2S-30 with optional Designer color inset panels and accessory pizza pans
